

MEDTECH EVOLUTION

Instructions for PHO Export—CPI

This will send Service Utilisation and Clinical Performance Information to WellSouth, which will be sent in an anonymized, summarized format to DHBNZ for use with the Integrated Performance Incentive Framework.

1. Go to the computer that runs HealthLink (probably your server).
2. Open MedTech Evolution.
3. Click on **Utilities** and then **PHO Clinical Event**.

Your screen should look like this – ALTHOUGH YOU SHOULD ENTER THE DATE RANGE AS SPECIFIED BY WELLSOUTH.
