

View Status of the eRx in the PMS

A prescriber can view the status of an eRx in the PMS

Double click on the SCID ID (barcode number) in the consultation screen or Daily Record and the following screen will display to check the script status.

- Active - means the eRx is sitting in the NZePS broker.

The screenshot shows the 'View Single ePrescription' window. At the top, there are input fields for Prescriber (Sam Entwistle), Author (Sam Entwistle), Prescribed Date (Friday, 11 January 2019), and SCID ID (25VK6A/SNHYSHHUK2). The Status is set to 'Valid'. Below this is a table with the following data:

Sel.	Drug Name	Q	Directions	Prov	Classification	SA No	Status	Restricted ...	Allow N...	Amount
<input type="checkbox"/>	Paracetamol 500mg Tab	30	1 tabs, Once Daily	SFE			Active	<input type="checkbox"/>	<input type="checkbox"/>	0.00

Note: The eRx is sent to the NZePS broker at the same time as the doctor pushes PRINT or emails the eRx directly from the PMS to the pharmacy.

- Dispensed

The screenshot shows the 'View Single ePrescription' window. At the top, there are input fields for Prescriber (Sam Entwistle), Author (Sam Entwistle), Prescribed Date (Monday, 28 January 2019), and SCID ID (25VK6/7KQBRVCV487). The Status is set to 'Valid'. Below this is a table with the following data:

Sel.	Drug Name	Q	Directions	Prov	Classification	SA No	Status	Restricted ...	Allow N...	Amount
<input type="checkbox"/>	Citalopram 20mg Tab	30	1 tabs, Once Daily	SFE			Dispensed	<input type="checkbox"/>	<input type="checkbox"/>	1.11

- Repeats Remaining - the Status of the eRx's will remain as Repeats Remaining until the last dispensing has been completed
